

TIPS

Procurement Academy, October 13, 2010

Guy J. Timberlake

- **Develop processes for how your organization leverages internal and external information to support decision-making.**
- **Establish rules of engagement for pursuing business opportunities.**
- **Understand how environmental factors affect your ability to deliver and be competitive.**
- **Leverage your network to pursue relationships with leaders who are known to conduct themselves with honor and integrity.**
- **Clearly, concisely and consistently present your value proposition.**
