

## **Wanda Gamble**

**Vice President, Business Development, Vangent Federal Health Solutions division**

Wanda Gamble has more than 20 years of experience in planning, operations, security, sales, customer relationship management, and marketing high-end and emerging technology solutions and professional services. Her diverse background includes revenue administration, information security, selling technical solutions and professional services and partner/alliance and customer relationship management. She has a proven track record in business development and key account management for Fortune 1000 clients in healthcare, telecommunications, financial services, entertainment, aerospace, energy industries and the federal government.

Prior to joining Vangent, Ms. Gamble served as SRA International's Director of Business Development for the Global Health Sector where she was responsible for a \$1.2B global health pipeline with a primary focus on the Department of Health & Human Services.

Prior to her work at SRA International, she was the Assistant Vice President in Business Development for SAIC's Health Solutions business unit, serving as account manager for the Department of Health and Human Services as well as the Office of the Secretary, Small OpDivs and the Food and Drug Administration.

Ms. Gamble is Industry Co-Chair for ACT/IAC Executive Leadership (ELC) 2010 Health IT Track, and a Past Chair of HIMSS NCA Program Committee and past member of BoD, NCA, Health Information Management & Systems Society. She is Past Chairperson of TechAmerica Healthcare Committee and a current member of Health TechNet. She also served as a visiting professor, Savannah State University's School of Business.

Ms. Gamble began her career in the United States Air Force and holds a B.S. in Government from Auburn University and a M.S. in Telecommunications Management from Golden Gate University.
